Dear ECI

c/o Larry Lee

Dios maray na aldow! Warmest greetings!

Magbinaydan, as you know by now has become a tradition, passed on from one group to another for one purpose: for Irigueños from around the world to meet in a different place each time. This momentous event has become a venue for friends old and new, families and acquaintances to meet, share personal experiences and viewpoints and see and enjoy the beauty of the host country.

So it is with great pleasure that we, your Irigueño friends here in **Vienna, Austria**, are inviting you, your family and friends as we host this prestigious affair on **July 7-13, 2008. Magbinaydan 2008** will also include the grand reunion of the **University of Northeastern Philippines Nurses International Alumni Association.**

Help us make this celebration a success by registering as early as possible. For more information and details, please visit our website at [http:// magbinaydan2008.heim.at](http://magbinaydan2008.heim.at).

Come to Austria, the land of music and mountains and get the chance to visit neighboring countries like the Czech Republic, Hungary , Italy, Germany and others. We look forward to seeing you. Thank you and *servus!*

Mayna, magbinaydan kita sami Vienna, Austria ka 2008 !
