Subject: CORE SHELTER PROJECT

To: [Ediamante@worldbank.org](mailto:Ediamante@worldbank.org), [lleva@gmail.com](mailto:lleva@gmail.com), [cydarroyo@usa.net](mailto:cydarroyo@usa.net)

Dear Eilen,

Greetings.

We are pleased to inform you that the Core Shelter Project your organization is funding is in its fourth week of implementation. Seventeen families have been selected to receive the units upon completion.

The Indigenous People of Oyango, Sta. Teresita, Iriga City are very thankful for the housing project your association has given to their community. Indeed, it is very welcome project since their houses have been destroyed during the 2006 typhoons which devastated the Bicol Region.

Attached are the status report, names of the beneficiaries and pictures taken of the houses during construction. The Core Shelter homes are currently around seventy percent done, with the first week of July as targeted completion date. We look forward to your visit in the near future. Again, thank you and God Bless.

Dr. Connie Friginal  
Project Head
